Site for industrial production and warehouses

Brief description

The site is located in Horní Suchá (Dělnická St.) with road access to the main road (I/11). The main part of the site is parcel no. 1036/1, but the site also includes 10 more parcels, including the main office building and other workshops. The site is ideal for a manufacturing, transport or storage/warehousing business (including office buildings and workshops). The large surfaced area covers 2.5 ha.
