Yes

AIRPORT WITHIN 50 KM

Yes

TYPE OF USE

Site for industrial production and warehouses

Brief description

The site is adjacent to an existing industrial zone owned by the municipality of Horní Suchá, where over 25 companies are currently based. The key advantage of the zone is its excellent transport access (roads II/475 + II/474, 4 km from the main rail corridor, 16 km from the D1 motorway, 36 km from the Leoš Janáček International Airport).
