TYPE OF USE

Mixed-use urban residential development

Brief description

A location in the centre of the town, zoned for an expansion of civic amenities. The site is one plot of land (parcel no. 9) in Rýmařov (cadastral area Rýmařov), close to the main square (Náměstí Míru). On one side is a paved footpath leading from the square to the bus station; on the other side is a local road (Husova St.). Thanks to its location (offering access from the bus station to the square, schools, the library, the museum etc.), the site is a busy pedestrian route. It is also easily accessible by car; Husova St. is a one-way street with parking along its entire length.
