Brief description

Office premises in a brick building on Stodolní Street, an attractive location in the heart of Ostrava's city centre, with all essential civic amenities within easy reach. The building has recently been reconstructed; the offices are on the 2nd and 3rd floors. The building has gas central heating with its own boiler, drinking water, a 230 V power supply, and a computer network enabling internet connection. There are a limited number of parking spaces in the courtyard area and outside the building.
